STÄDAR PEOPLE

Our cleaning teams clean consistently and to a standard that **surpasses expectation**. To ensure we always deliver the highest cleaning standards to our clients, every Städar employee undergoes a **comprehensive recruitment**, selection and training process.

Where cleaning standards matter, and your guest's or client's opinions count, **trust Städar**. Trust our People, trust our process, and **trust our passion**.

STÄDAR SYSTEM

We operate a workforce management system, which allows us to **track, trace and manage** each of our field-based cleaning teams.

From checking in on time at the start of a shift, we can monitor exactly where your cleaning team are on your site, to the moment they safely clock out on time.

Städar ensures that we are fulfilling a key element of our service level agreement. We **monitor our staff robustly** so that you don't need to.

STÄDAR PROCESS

We use a system of **advanced cleaning** and scheduling software. A completely unique building information system designed to deliver, monitor and **maintain our cleaning standards** specifically to your premises and to meet your exacting needs.

A colour coded cleaning process ensures that we leave our clients sites, not just cleaned, but **hygienically clean**.

STÄDAR QUALITY

We **continually inspect** our service delivery to you, using our quality control software. Our clients can access incredible **data backed performance analysis** of our cleaning standards. See what we do and how well we are doing, all at the click of a button.

With a complete **end to end audit trail**, we measure our teams cleaning performance in quantifiable ways. Photos, timestamps and GPS ensure that each inspection reflects exactly how well everything is cleaned.
